Once you are on the yacht, you are free to relax and take in the sights, sounds, and experience of sailing The Greek Isles. To make sure that you are well-prepared for your charter, we have listed some helpful information below to help you pack and make the arrival process as simplified as possible.

 - A vaccination certificate issued by a certified authority.
 - A certificate of recovery from the SARS-CoV-2 virus infection issued by a public authority or a certified laboratory.

What should I pack?

Ashore, you will need good shoes and casual, cool clothing—the streets are often cobblestone, and the ancient archaeological sites often have uneven stony ground. A broad-brimmed hat, sunscreen, and good sunglasses are essential.

The boat offers European outlets with a maximum voltage of 220v on board for your chargers, laptops, e-readers, music players and blow dryers. Please be mindful if a converter is necessary for all of your electronic devices. Curling and flat irons are not allowed onboard. Don't forget those passports!

Do I need to convert my money?

You may convert your U.S. dollar at your own convenience prior to boarding or you have the option to convert U.S. dollars into Euros either through a Grecian banking facility or at an ATM, which are widely available on the islands.

Now that you're all packed, you'll want to make sure you know exactly where you are going.
